

# WARNING

## STORM SEASON IS HERE!!

*Is your home and equipment protected from lightning & surges?? Probably not!!  
Most people wait until they need something before they get it-however, in the case  
of surge protection, if you wait until you need them.... **IT'S TOO LATE!***

**Protect  
Your Whole  
House\* For  
ONLY \$279**

Offer Expires March 31, 2012

Cannot be combined with  
any other offers.

### DID YOU KNOW:

- Many homeowner policies don't cover lightning strikes.
- Many insurance companies give a discount for homes that have surge protectors.
- The average home gets hit with over 20 energy spikes a day.
- You get up to 30% more life out of your appliances and electronic equipment if you use surge protectors.
- A lightning strike up to one mile away can do damage to your sensitive equipment.
- That you can get peace of mind very inexpensively.
